Passionate frontend developer skilled in creating user-friendly interfaces, cutting-edge tech, and design excellence to deliver exceptional digital experiences.

---

## Professional Experience

**10zyme - London, United Kingdom**

**07/23 - Present**

**Frontend Developer**

- Utilising React, Next.JS, and TailwindCSS for building a dynamic web application.
- As the UX/UI designer, I collaborate to implement design elements and ensure a seamless user experience.
- Utilize media queries and responsive design principles for creating responsive web layouts.

**Kosi Africa - Nairobi, Kenya**

**06/23 - Present**

**Frontend Developer**

**Volunteer**

- JavaScript Development: Use JavaScript frameworks and libraries (React, Next.Js) as needed.
- Web Performance Optimization: Optimize front-end code and assets for faster page loading.

---

## Education

**Chamber of Commerce of Madrid: Full-Stack web development**

**09/23 - 12/23**

- HTML, CSS & JavaScript - 100hr
- Java, Spring - 150hr
- MySQL, PHP - 100hr

**HarvardX: CS50**

**05/22 - 10/22**

- CS50 is Harvard University's renowned introductory computer science course, covering programming in various languages and essential computer science concepts.

**CodeCademy: Full-Stack Career Path**

- In this course, I had the opportunity to dive deep into React and also gained valuable insights into React Native.

---

## Key Skills

- HTML, CSS, JavaScript, React, Redux, NextJs, NodeJs, ExpressJs, Tailwind, SQL
- Adobe Photoshop, Adobe premiere Pro, Figma

---

## Projects

**Personal Portfolio**

- <https://www.gortiz.me>

---

## Achievements

- I had the privilege of serving as a judge at a Hackathon hosted by JP Morgan, where seven talented teams competed against each other. Each team had just 12 hours to develop a comprehensive full-stack web application for Kosi Africa, the organization where I proudly volunteer my time.

## Interests

- Travel - My passion for traveling has led me to visit 14 different countries so far.
- Languages - I am fluent in English, Spanish, Portuguese and have already spent 6 months studying the Italian language.
- Sports - I love sports in general, football is my favorite, which I used to be the captain of a team for 3 years.
- Video - I have an YouTube channel which it's been growing up. I achieved 7K subscribers and almost 2 million views so far.
